Dear Student:

We're glad that you are considering ATI College as a choice for pursuing your healthcare education.

It is an exciting time for the allied health professions as we study and practice in an ever changing healthcare environment. There has never been a better time to enter a healthcare field!

Allied health professionals, as a diverse group, account for more than half of the healthcare workforce in the United States today. If you are looking for a rewarding career where you can make a difference, take the time to explore the programs offered at ATI College.

The Admissions Department serves as the gateway to our community for all prospective students at ATI College. At the Admissions Department you can meet with an admissions advisor, take a campus tour, apply to college, turn in important documents, and learn about how you can be a part of ATI Community.

Welcome to ATI College. Your success is our success and we can help you to reach your goals!

Sincerely,
Admissions Department
