

**ATI COLLEGE**

A Leader in Career Education

<http://www.ati.edu>

May 27, 2021

Dear Prospective Students and Parents:

ATI's Board of Directors recently approved the college's comprehensive tuition and fee schedule for the 2021-22 academic year. Effective September 2021, tuition charges for the following certificate programs will increase as follows:

PROGRAM	NEW TUITION
Ultrasound Technology Certificate Program	\$34,900
Echocardiography Certificate Program	\$39,500

In line with our commitment to access and affordability and our efforts to assist students and their families, the college will continue to meet demonstrated financial needs in the 2021-22 years. It is important to remember that each financial aid case is assessed individually; therefore, any increase to the 2021-22 financial aid budget does not mean that all students will receive an increase in their need-based aid. Financial aid renewal instructions are available from the Office of Financial Aid before the end of June.

As you begin to plan for postsecondary education, I encourage you to visit the Office of Financial Aid by contacting Ms. Silvia Ramirez via telephone at (562) 864-0506 or send an email to [fadirector@ati.edu](mailto:fadirector@ati.edu).

Thank you.

Brian Kim, L.Ac., Ph.D.

Acting President
